ADMISSION & FEES MANAGEMENT

Enquiry to Admission, Admission to Collection, All in One Platform.

From the first enquiry to the final receipt: admissions, fee structures, online payments and branch-wise reconciliation in one connected flow.

ENQUIRY-TO-COLLECTION JOURNEY

Enquiry → Automated Follow-up → Admission → Fee Structure → Online Payment → Collection Reports → Reconciliation

Enquiry & Admission

01 Smart enquiry management from a centralized dashboard.

02 Automated follow-ups, so no lead goes cold quietly.

03 Seamless admission management, from application to enrolment.

Fee Configuration

04 Flexible fee structure configuration by class, category, or academic year.

05 Multiple fee categories like tuition, transport, hostel, uniform, and books.

06 Late fee rules and automatic fine calculations.

Payments & Accounts

07 Integrated payment gateways for easy online payments.

08 Multiple payment modes: cash, UPI, cards, NEFT, cheques.

09 Multi-account mapping, like trust, current, or corporate accounts, for clean fund segregation.

Tracking & Reporting

10 Automated fee due tracking with overdue alerts.

11 Real-time collection reports and dashboards.

12 Centralized fee reconciliation across branches for total financial clarity.

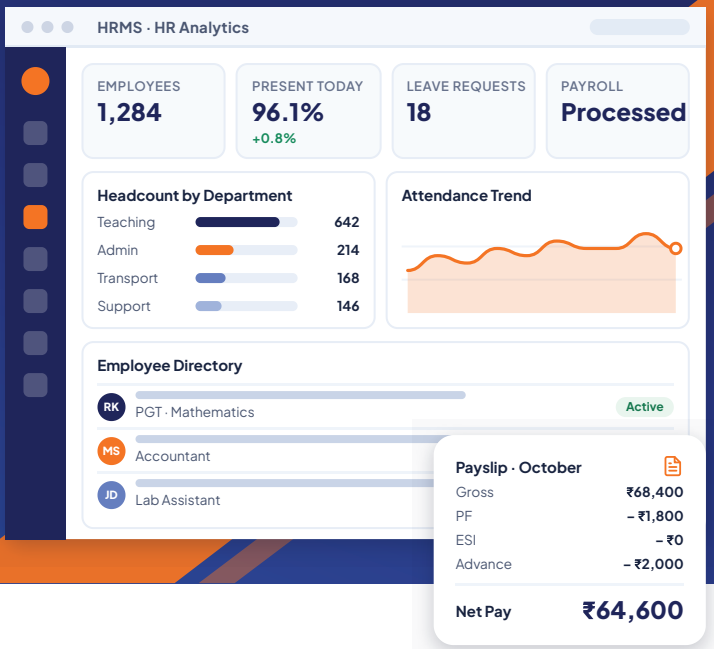
13 · AI-POWERED

AI & Voice-assisted reports for management.

EMPLOYEE & HRMS

Complete Employee Lifecycle Management, From Recruitment to Retirement, All Under One Roof.

One centralized system for every stage of the employee journey: hiring, onboarding, attendance, payroll, self-service and exit.



RECRUITMENT-TO-RETIREMENT LIFECYCLE

Resource Request → Recruitment → Onboarding → Attendance & Leave → Payroll → Self-Service → Exit & F&F

Workforce & Recruitment

01 Centralized employee database.
02 Multi-level resource request and approval.
03 End-to-end recruitment management from posting to selection.
04 Centralized resume bank.
05 Interview scheduling and tracking.
06 Candidate short-listing and scoring support.

Onboarding & Attendance

07 Automated onboarding, including offer and appointment letters.
08 Dynamic late and leave policy configuration.
09 Daily attendance with shift, overtime, and regularization.

Payroll & Compliance

10 Payroll processing with flexible components.
11 Loans, advances, and deduction management.
12 Fully compliant statutory calculations, including PF and ESI.
13 Government-format salary slips and reports.

Self-Service, Assets & Exit

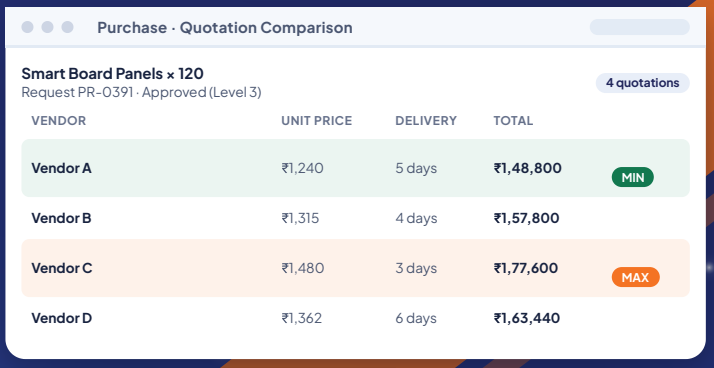
14 Employee self-service portal for payslips, leave requests, and personal info.
15 Employee asset allocation and tracking.
16 Complete exit management process, from resignation to full and final.
17 Automated HR document generation.
18 Real-time HR analytics and MIS reports.

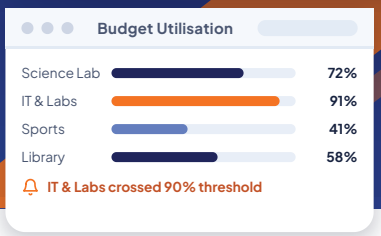
19 · AI-POWERED
AI & Voice-assisted reports for management.

PURCHASE, ASSET & TICKETING

Complete Purchase, Asset & Ticketing Management, from request to resolution, in one system.

Every request, quotation, purchase order, asset and service ticket, tracked end to end with approvals, budgets and escalations built in.





REQUEST-TO-RESOLUTION LIFECYCLE

Request & Approval → Vendor Quotations → Compare (Min / Max) → Purchase Order → GRN & Inventory → Asset Allocation → Ticket Resolution

Purchase & Budget

01 Centralized purchase management.

02 Item and service request creation, with multi-level approval workflows.

03 Department-wise budget allocation and expense monitoring.

04 Automated budget threshold alerts and notifications.

Vendors & Quotations

05 Comprehensive vendor management and vendor database.

06 Multiple vendor quotation collection and comparison.

07 Intelligent quotation analysis, with automatic highlighting of minimum and maximum quotations.

08 Seamless purchase order generation from approved quotations.

GRN & Payments

09 GRN management, with purchase order verification.

10 Vendor payment management, with full and partial payment options.

11 Automatic asset creation and update of store inventory after GRN entry.

Asset Lifecycle

12 Centralized asset allocation and tracking across rooms, buildings, and branches.

13 Complete asset lifecycle management with detailed history.

14 Inter-branch and inter-department asset transfer management.

15 Digital gate pass management for asset movement.

Ticketing & Insights

16 Integrated ticketing system for asset maintenance and issue reporting.

17 Intelligent ticket routing to concerned departments like IT or transport.

18 Ticket assignment, priority management, status tracking, and resolution monitoring.

19 Automated escalation rules and notifications for unresolved tickets.

20 Comprehensive purchase, asset, budget, and ticketing reports for management insight.

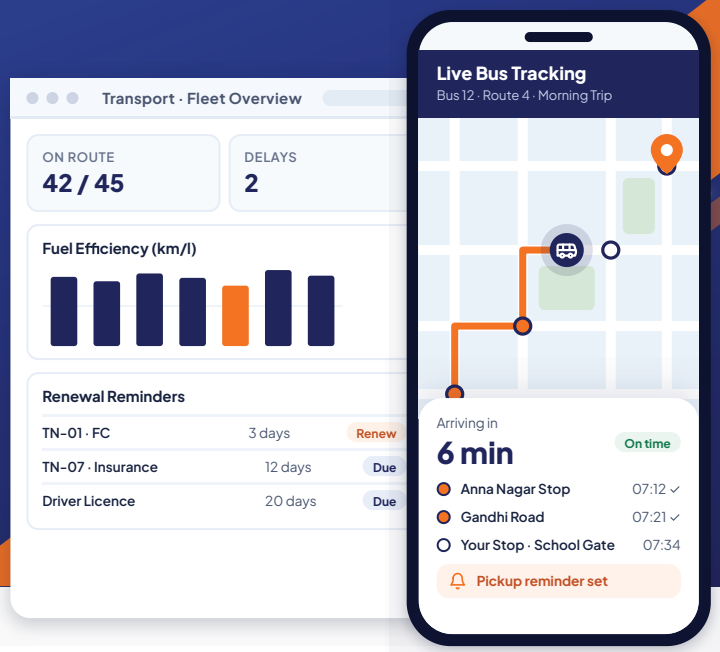
21 · AI-POWERED

AI & Voice-assisted reports for management.

TRANSPORT MANAGEMENT

Smart Transport Management for Safer Journeys and Lower Costs.

Live GPS visibility for parents and administrators, with routes, fleet compliance, fuel and maintenance managed alongside the main ERP.



TRIP-TO-COMPLIANCE LIFECYCLE

Routes & Trips → GPS Live Tracking → Arrival & Delay Alerts → Fuel Management → Maintenance & Spares → Renewals & Compliance

Fleet, Routes & Trips

01 Bus management, route management, trip management for organizing trips, routes, and buses across branches.

02 Route optimization and bus trip records for safety.

Live Tracking & Parent Connect

03 GPS live tracking for parents and administrators, showing real-time bus location.

04 Mobile app integration for updates like boarding, trip status, and notifications.

05 Arrival and delay alerts to keep parents informed.

06 Parent app features like live tracking, pickup reminders, and feedback.

Compliance, Fuel & Maintenance

07 Renewal reminders for FC, insurance, and license documents.

08 Fuel efficiency and usage reports, with automatic fuel entry options.

09 Fuel expenses, maintenance logs, part change history, and spare parts management.

Integrated with the ERP

10 Transport staff attendance linked with the main ERP.

11 Transport fee management integrated with student accounts.

12 · AI-POWERED

AI & Voice-assisted reports for management.

Safer journeys
Live location and trip records

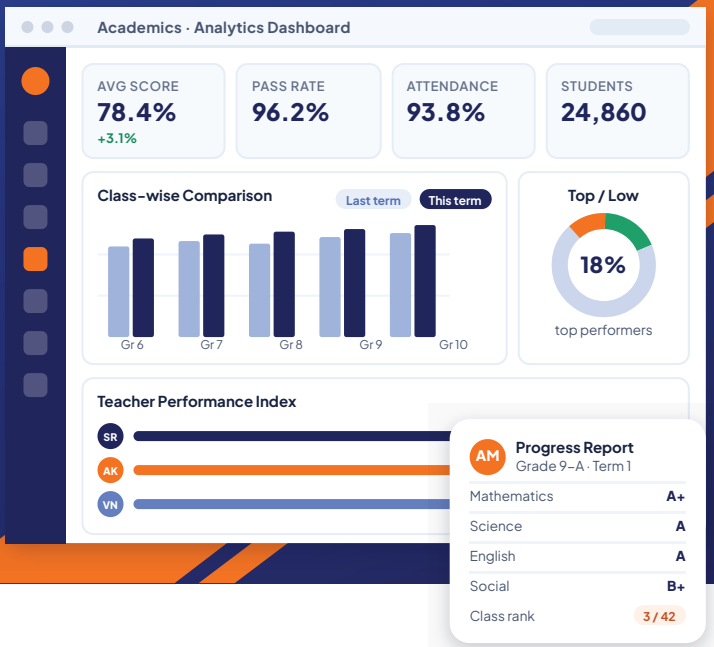
Informed parents
Boarding, arrival and delay alerts on the app

Lower costs
Fuel, maintenance and spare-parts visibility

STUDENTS & ACADEMICS

Complete student and academic management, from student records to academic excellence.

Every student record, attendance mark and assessment in one place, with analytics that surface top and low performers across classes, schools and teachers.



FROM RECORDS TO RESULTS

Student Records → Attendance → Marks Entry → Mark Analysis → Teacher Performance → Report Cards → Management View

Student Information

01 Complete student information management.
02 All student contact, guardian, and previous school details in one place.
03 Secure document storage for all student records.
04 Digital admission and selection process tracking.

Attendance, Health & Certificates

05 Attendance management, daily and consolidated.
06 Medical and health record management.
07 Automated ID card generation.
08 Automated bonafide and certificate printing.

Performance & Mark Analysis

09 Academic performance and mark analysis.
10 Class-wise and inter-class comparison reports.
11 Inter-school and intra-school analysis.
12 Identification of top and low performing students.
13 Teacher performance analysis.
14 Top and low performing teacher reports.

Reports & Management Dashboards

15 Bulk report card generation.
16 Detailed progress reports with analysis.
17 Advanced academic analytics dashboard.
18 Central management dashboard for a high-level view of students and teachers.

19 · AI-POWERED
AI & Voice-assisted reports for management.

CONTROLLER OF EXAMINATIONS (COE)
